

**TEC Volunteer of the Year 2016  
Alexa Dubois**

This year Alexa was only able to volunteer during her college breaks and her whole summer vacation (for several mornings and afternoons each week). But all the time she put in at TEC over the past 5 years has been pretty significant, and should be recognized and rewarded. Before leaving to attend college she rarely missed a Friday lesson for over 5 years, and Alexa has always been TEC's go to person when someone was needed to feed and take care of our horses. TEC could always call on her to help when needed. Hopefully, Alexa will always remember her time at TEC and return whenever she can. TEC will always be grateful for all her numerous contributions and her dedication to our program.

**TEC would like to honor and recognize Alexa Dubois as  
TEC's Volunteer of the year 2016!**
